# Feeds AMENDMENT. the Hair

Have you ever thought why your hair is falling out? It is because you are starving your hair. If this starvation continues, your hair will continue to fall.

There is one good hair food. It is Ayer's Hair Vigor. It goes right to the roots of the hair and gives them just the food they need. The hair stops falling, becomes healthy, and grows thick and long.

Ayer's Hair Vigor does another thing, also: it always restores color to faded or gray hair.

committee will now appoint a little to draw up the electoral law.

The ESTABLISH STABLIS GOV. Washington, June 12.-Mr. Rockhill's As a matter of fact there is nothing official to show that the powers or indeed a majority of them actually made this a matter of formal agreement. It is true that China undertook to pay an indemnity of 450,000,000 taels, but it is equally true that this undertaking, doubtless based upon the mis-understanding above referred to, was at least in advance of a formal agree-ment among the ministers themselves. ment among the ministers themselves. Hence Mr. Rockhill's proposition to include the total of the indemnity in the matters to be submitted to The Hague arbitration. European criticisms based upon the idea that Mr. Rockhill's proposition as to arbitration concerns only the method of payment are therefore founded on error. The hope that the arbitration plan will prevail is based upon the belief that no other scheme so far brought forward is sufficent.

### FOSTER MURDER SUSPECTS

They Are Held in a Frame Barn Near Shreve-

ficers Taking Them Away-Hany Threats of Lynching.

Shreveport, La., June 13 .- The Foster suspects, with the exception of Edwards, the murderer, who is still at large, are held in a frame store about two miles from Shraveport on the banks of Red river. Ostensibly they are in the hands of officers of the law; actualy they are in the custody of armed civilians. Men from every walk of life, from the farm hand to the city merchant, constitute this mob. The crowd gathered immediately after the murder and pistols, Winchesters and shotguns sed to be the walking accompaniments of the mob, so quickly did they spring up on every side. At this hour-3:15 a.m.—the mob is drawing a cordon around the temporary jail for the purose of preventing any attempt on the part of the officials to move the mer and women to a place of safety. Numerous threats of lynching are made by the members of the mob.

WERE TAKEN FROM TEXAS.

Houston, Tex., June 13 .- The negroes who are corralled at Shreveport were taken from Houston during the winter by a negro preacher calling himself "Elijah the Prophet." He created a great furore among ignorant blacks by predicting dire disaster and finally per-suaded about 200 of them to go to Louisiana in order to avoid death in the prophesied destruction of Houston. It was ascertained afterward that Smith, (the name of the self styled prophet) who is among those who are under arrest, was acting as an agent for planters who were short of help and had used his influence as an exhorter to get the negroes to go with him.

## J. G. Foster's Brother-in-Law Shot.

Shreveport, La., June 12 .- John Gray Foster, brother of the wife of Governor McMillan, of Tennessee, was shot and killed by a negro on his plantation near Shreveport today. The negro has escaped, but posses are hunting for him. Intense excitement prevails at Shreveport, and the negro probably will be lynched if caught. Washington, June 12.-The annual readjustment of postmasters' salaries has just been completed in the office of the first assistant postmaster-general, the result being that on the 1st of July 1761 postmasters will receive increased pay and 229 will receive reduced compensation. The total reduction is \$28,400, and the aggregate increase \$215,600, making

a net increase of \$187,200. In only one instance, that of New Orleans, does the increase amount to as much as \$1,000. There are three in-creases of \$500, fourteen of \$400, fortynine of \$300, 225 of \$200, and 1,478 of

The British Government Will Levy \$250,000,000 on Them.

TO PAY HALF COST OF WAR.

Chamberlain's Recommendation Certain to Cause Constern ation Among Kaffir Stockholders.

New York, June 13 .- A dispatch to the World from London says: The British government has decided to levy \$250,000,000 on the Transvaal gold mines

to pay half the cost of the war. Sir David Barbour, formerly finance minister for India, who was commissioned to report upon the taxable capacity of these mines advised Colonial Seceretary Chamberlain to levy \$175,-600,000, but Mr. Chamberlain after consultation with Lord Milner, increased the maximum in the amount stated.

Barbour's report is awaited here with the keenest interest in political and financial circles. This recommendation when it be comes known here is certain to cause consternation among the Kaffir stock-holders, who fancied that the idea of taxing the mines, which are mostly owned by England, had been aband-

The Industry Has Undergone a Great Change for the Worse Lately.

New York, June 13 .- A special to the Tribune from Washington says: "There is probably no German enterprise which has undergone within a comparatively short time such a marked change as the woolen dress goods industry of this and neighboring districts. Until 1900 prosperous conditions prevailed, but early in that year there was a falling off in the values of wool and woolen yarns of 20 to 60 per cent. Enormous financial sacrifices followed. The high tariff of Russia and the establish of factories on a large scale at Ladze and other places in that country, the loss of the valuable United States market and the decrease in exports to Austria, England and Scandinavia are among the cause of depression. Last year two-thirds of the looms were idle nor is there any prospect of improvement. Of the many manufacturers previously engaged in the dress goods trade with our country, only seven or eight are still left and these ship less

These statements are made by Charles Neuer, consular agent at Gera, in a report to the state department. He says further:

"Some of the prominent manufactur-ers of this and other German cities have established branch factories in Passaic and Philadelphia and, it is said, with great success. I am convinced that more would follow if in possession of the necessary real estate agents, railroad companies and private persons in all parts of the United States wishing o sell property for woolen mills, but while I may claim the merit of having been the mediator in the partial transplantation of one of the largest Gera-factories to our shores, my further endeavors were, on account of lack of

#### MODERN WOODMEN. Discuss Question of Admitting Cities of 200,000 Population.

St. Paul, Minn., June 12 .- Election of officers and a protracted contest over the admission of cities of over 200,000 to the jurisdiction of the order filled the business day of the Modern Woodmen of America today. The proposition to take city members into the order came up on the report from the law committee. An amendment was proposed to this report to dispense with the pres-ent limit, which keeps cities of over 200,000 from joining the order, Chicago, St. Louis, Milwaukee. Buffalo, Detroit, Clayeland, San Francisco, Cincinnati Cleveland, San Francisco, Cincinnati, Philadelphia and Pittsburg being named in several motions and then being up one at a time and voted upon. On Chicago the vote was 260 to 328, and the others were more quickly disposed of, all being voted down. This leaves paragraph 4 of the law committee's report with the single recommendation that Utah be admitted to the jurisdic. ion of the order and this am will doubtless be carried on Friday. The action this afternoon is considered as settling for some years to come membership limitation of the Modern

Prescribed for Officers. Richmond, Va., June 12 .- The Virginia constitutional convention met at noon today. John Goode was made president, and in his speech of aceptance, he took strong ground in favor of restricting negro suffrage.

The question of the members taking he oath prescribed for state officers was ratified and a long debate followed. It was decided finally that no oath should be taken.

Senator Daniel was one of the leaders of the opposition to swearing in the members. The decision of the body was influenced by the fact that to take the oath of office might trammel it in dealing with the suffrage issues. Some of the members declared that they would expulsion before they would be sworn in

James Smillie was a famous engraver in his day, and his work includes such subjects as Thomas Coles' "Voyage of Life" and A. Bier-stadt's "Rocky Mountains."

The prints in the collection are especially valuable being "engraver's proofs," of which only two or three are struck off from the finished plate, just before it is turned over to the publisher. There are also full sets of working proofs, showing the evolution of an engraved plate. Besides the works of Smillie, the collection includes engravings by about twenty of his con-

#### ITALIAN ANARCHISTS.

Those at Barre, Vt., Greatly Excited by State Attorney's Action.

Barre. Vermont, June 13.-There is great excitement among the Italian anarchists and socialists in this sec-tion over the detention by order of State's Attorney Hoar, of one Eugenlo Ristoli, of Naples, on the nominal charge of breach of the peace. He was found under guard of six Italians and the story is that he was accused by the anarchists of being a spy sent here by the Italian consul-general at New York. Mr. Hoar has asked the consul-general at New York to help him probe

the circumstances.

Last winter Chief of Police Brown was nearly killed by anarchists, the trials of several Italians arrested having lasted for months, resulting in two convictions with long terms of imprisonment and other trials to come. Since then a spy is said to have been driven away after being wounded in an attempt to assassinate him.
